REV. IRWIN MAY BE BROUGHT HERE

Will be Re-arrested if Acquitted at Sidney

IRWIN GETS CASE FRIDAY

Prosecutor Lippincott Decides on Action

Allen-co will be the scene of a second trial of Rev. L. W. Irwin, on statutory charges, should he be freed on paternity charges by a Shelby-co jury now deliberating at Sidney.

Arrangements for immediate arrest of Irwin and rushing him to Allen-co, should he obtain an acquittal, were announced Friday noon by Prosecuting Attorney Eugene T. Lippincott.

He will be brought to Lima and a special grand jury called to investigate. An indictment on criminal charges would be almost a certainty, it is stated.

ALLEGED FIRST OFFENSE

Testimony in the sensational trial today reveals that Irwin's first alleged offense was committed in Allen-co four years ago, when Elizabeth Ladd was only seven years old.

All of the facts brought out in the trial at Sidney will be laid before the next grand jury, even though Irwin is convicted at Sidney.

In event of conviction, however, an indictment returned will not be pushed against the pastor, if he is sent to prison.

Should Irwin be given a short sentence or obtain an early pardon or parole, however, he could be brought to Allen-co for trial.

The maximum penalty which may be given Irwin, under the charges, is years. The minimum penalty is six months.

IRWIN GETS CASE

Irwin in Shelby-co common place will decide the fate of Rev. L. W. Irwin, Friday.

After being charged by Judge J. A. Barnes Friday the jury retired to deliberate at 10 a. m. Court adjourned at 10 a. m.

Court adjourned at the conclusion of the argument by counsel for both sides late Thursday. Judge Barnes announced he would charge the jury on the law and the evidence in the case the following day.

Instructions to the jury, the court directed that body to consider the greater preponderance of evidence as to a decision, calculating the weight of the parties concerned.

He pointed out that the defendant must be found guilty beyond a reasonable doubt, and defined the term.

Irwin is charged with the paternity of Billy Ladd, the son born to Elizabeth Ladd, 11, his step-daughter.

HARD FIGHT

The child's confession made in court implicated the former pastor. The case was hard fought. Elizabeth told her story from the witness stand.

Both Attorney Forsythe, for the defendant and R. E. Marshall, prosecuting attorney, expressed confidence in the outcome.

Marshall declared comparison of the physical characteristics of Irwin and the baby made before the jury brought out a striking resemblance between them. The baby's head, he asserted, is a replica of the minister.

PAYING TIME CLOSES

WEDNESDAY; EXTENSION NOT VOTED BY COMMISSIONERS

"Pay taxes at once."

That is the warning sounded by County Treasurer, today, was announced so far as his office is concerned December 20 is the last day for making payment.

Of course, the county commissioners can extend the time of payment, and will probably do so, the treasurer admitted, "but they have no money and might not."

The collections on Monday, the day, were excellent. About \$1,000, largely from the city, was collected.

Then collections slumped off. Now, the treasurer fears that his office will be swamped by a last minute rush.

Commissioners Friday, decided to extend the time whether or not they will grant the customary extension.

WANTED TO LEAVE U. S.

BEFORE DECEMBER 26

NEW YORK — Daniel J. McLaughlin, formerly states, today was wanted to leave this country before morning of December 26, by a "New York" letter writer who signed himself "Whitney, Irish Republican Army."

Mr. McGrath refused to comment on the warning but admitted that he had been told that the writer was a known and trusted officer of the Irish Republican Army. He refused to give out a copy of the letter and did not state whether it contained a threat of death if he did not comply with the demand.

SNYDER, MARRIED, PLEADS GUILTY TO WHITE SLAVERY

Lima Man Admits Charge in Gladys Cooper Case

PAIR TAKEN IN FT. WAYNE

Accused Held to Federal Court in \$2,500 Bond

Joe Snyder, 24, married and the father of one child, residing at 612 N. Jackson-st., pleaded guilty Friday to a charge of white slavery preferred against him by Lima police.

Snyder was arraigned before United States Commissioner C. W. Long, Faurot block, for violation of the Mann act. He was held to the United States District court at Toledo under \$2,500 bond, which he was unable to furnish. He will be taken to Toledo Tuesday.

Meanwhile, Snyder will be incarcerated in the Lima city jail.

TAKEN IN FT. WAYNE

He was placed under arrest in Ft. Wayne Tuesday upon complaint of Lima police who were seeking to locate Gladys Cooper, 17, daughter of Mrs. Ida Cooper, 412 S. Nye-st. The girl had disappeared from her home, December 10.

Pending arrangements with federal authorities, a charge of contributing to the delinquency of a minor was placed against Snyder in juvenile court. This charge was withdrawn Friday morning when J. L. Cass, United States Deputy Marshal served the federal warrant.

Snyder admitted to the federal officer he had traveled to Ft. Wayne in company with the girl after she had left her home. He also admitted being married and having one child. His wife, he said, is in Columbus. Advice from that city informed Lima police he was wanted there on a charge of child desertion.

The Cooper girl is now in custody of the Allen-co juvenile court.

Upon her disappearance from this city, Lima police were notified. They referred the case to juvenile authorities.

Later a story telling of the disappearance of the girl was published in The Lima News. It resulted in police being informed by people who had seen the story, of clues which led finally to the apprehension of the pair in Ft. Wayne.

LIVED TOGETHER

A statement secured from the Cooper girl by Ft. Wayne authorities and transferred to police of this city is said to have declared that the pair had lived together as husband and wife for four days, after which they separated.

Lima authorities brought the pair back to this city Thursday afternoon, after they had waived extradition.

The federal charge against Snyder was filed with Commissioner Long Thursday.

Chief of Police Laney praised the services given in the case by The Lima News. "It led to a solution of the case," the chief said.

FOUR MEN HELD IN STOFF MURDER

Roumanian Taken Here—Three Arrested in Urbana

One man held at police headquarters and three by Urbana authorities are awaiting quizzing by Lima police to discover what they know of the murder of Bayne Stoff, 64, Bulgarian, who was shot dead here Saturday.

Steve Adams, Roumanian, 37, 5 S. Main-st., was taken into custody on a charge of suspicion, late Thursday night, after his return to this city.

A howling dog, said to belong to him, led to his arrest. Adams had been out of the city for a number of days, police say. It is believed by them that he left shortly after the Stoff murder. Plaintiff walls of the dog, attracting attention of neighbors, aroused suspicion in the minds of police, and they waited for him.

Questioning Thursday failed to bring any results. Additional quizzing Friday morning produced nothing. It is believed an interpreter will be necessary in order that police may get Adams to understand them.

The three men being held by Urbana authorities will be investigated sometime Friday. They are said to answer the description of the three who delivered a second black hand letter to Alex George, son-in-law of the murder victim, and who shot and killed Stoff.

U. S. BEHIND IN NAVY BUILDING

Outstripped by Britain, Japan in Submarines, Cruisers

CAUSE OF ARMS MEET MOVE

Conference Proposed When Figures Are Revealed

WASHINGTON — (Associated Press) — A tabulation obtained today in naval circles showing the relative positions of the British, American and Japanese navies in cruiser and submarine strength apparently shed light on the situation which led the house appropriations committee to propose that President Harding negotiate an international agreement to check competitive building in these types.

The figures credit Great Britain with 45 light cruisers of the first line, built, building or projected, and aggregating 206,480 tons, the United States with ten ships building, 75,000 tons, and Japan with 11 ships built and 21 building, and projected, aggregating 191,450 tons.

In addition the list shows Great Britain to have 13 light cruisers of the second line, 69,320 tons, neither the United States nor Japan being credited with any ships in this classification.

SUBMARINE STATUS

In first line submarines other than credited with six of the first line, 12,280 tons, six of the second line, 7,200 tons, and two building or projected, 3,800 tons; the United States with three of the first line built, 5,180 tons, none of the second line, three building, 6,375 tons, and six additional authorized but not under contract. Japan with no fleet submarines, but three under construction, 4,500 tons.

Of first line submarines other than fleet submarines, Great Britain is credited with 42 built, 33,740 tons, and six building, 5,550 tons; the United States with 58 built, 37,120 tons, 34 building, 29,875 tons, Japan with 27 built, 23,535 tons and one program of sixteen building, 13,480 tons and a second building program of 28 vessels "tonnage unknown."

While the tables showed decided American inferiority in light cruisers, the United States has a distinct advantage in first line destroyers with 295 built against 178 for Great Britain and 54 for Japan. Six new destroyers are given on the British building program, none on the American and 38 on the Japanese.

GOVERNORS LOCK HORNS ON RUM

Attack on Prohibition Brings Clash at Conference

KLAM QUESTION DEBATED

Southern Executive Opposes Action on Either Subject

BULLETIN

WHITE SULPHUR SPRINGS, W. Va. — (United Press) — The governors' conference here will refuse to take a stand either on prohibition enforcement or the Ku Klux Klan, it was definitely decided today by leaders of the 17 state executives in attendance.

Governor Sprout, Pennsylvania, chairman of the conference, and other members of the executive committee, flatly rejected the demand of Governor Parker, Louisiana, that the conference adopt resolutions on both subjects.

As two of the "toughest" questions before the committee, Governor Morrison said he opposed their consideration at a conference which he believed should be devoted to an exchange of the ideas on the administrative attitudes of governors.

Particularly did he object, Mr. Morrison said, to Governor Parker's proposal that the conference adopt resolutions on these questions or any resolutions looking toward uniform legislation of a police character.

Governor Morrison further declared he disagreed with Governors Parker and Olcott on their proposed methods for fighting the Klan which he said could not be legislated out of existence but could be met effectively only by argument. As to Governor Parker's assertion that prohibition was not being enforced and his opinion that the sale of light wine and beer should be permitted under government regulation of its manufacture and distribution, Mr. Morrison said he was "astounded" at what he described as the Louisiana governor's willingness to surrender to the "lawlessness among anti-prohibitionists" on the one hand and his desire to fight what he conceived to be lawlessness in the Klan on the other.

While he did not mean to defend the Klan and deplored its possible danger to the country in arousing the spirit of religious intolerance and racial feeling, Governor Morrison said, he could relate many acts of benevolence attributed to the secret organization.

MOOSE JOIN LEGION IN FIGHT ON KU KLUX KLAN

Activities of the Ku Klux Klan, which has been operating secretly in Allen-co for more than a year, were assailed and condemned by members of Lima Lodge 139 Loyal Order of Moose, Thursday night.

Action was taken at the instance of R. R. Trebey, dictator, who some time ago introduced a similar resolution before the American Legion.

The resolution was presented following the initiation of a class of 100 new members, the fifth class to be inducted into the lodge during the campaign waged to obtain 1,000 new members.

DAUGHERTY WHITEWASH IS CHARGED BY KELLER

Accuses Committee of Bare-Faced Attempt to Clear Attorney General in Impeachment Case and Bolts the Hearing—Subpoena Issued for His Appearance

WASHINGTON

(Associated Press) — Characterizing the proceeding before the house judiciary committee as a "bare-faced attempt to white wash Harry M. Daugherty," Representative Keller of Minnesota, has refused to assist further in the presentation before that committee of his impeachment charges against the attorney general.

"Voting to go on with the hearings despite Mr. Keller's withdrawal," the committee planned to put him under oath today, and call upon him to give all the information upon which he based his charges of "high crimes and misdemeanors" against Mr. Daugherty.

Mr. Keller's refusal to assist further in the proceedings came as a dramatic climax to the third day of the hearings. He had prepared a statement to read to the committee but he never got the opportunity. Several members wanted him put under oath, while others wanted to "take" the committee.

HEATED CLASH

Refusing to be put under oath, Mr. Keller replied to the inquiries that he might "lecture" the members. To that he added demands that he be heard, Chairman Volstead repeatedly broke into the general hubbub to order Mr. Keller to "sit down" and to inform him that he could not "bully" the committee.

Advancing to the chairman's place, Mr. Keller threw his prepared statement in front of Mr. Volstead and dramatically announced that if he could not read it to the committee he was thru with the proceedings. Then he stalked from the committee room which had been thrown into an uproar.

Meanwhile, Chairman Volstead had ordered the clerk to issue a subpoena for Mr. Keller so that he might be placed under oath and questioned.

FAILS TO APPEAR

Keller failed to appear today before the committee in response to the summons served on him.

James A. Vahey, an attorney of Boston, handed to Chairman Volstead a letter from Attorney Jackson H. Ralston assuring that Mr. Ralston had been retained as counsel by Mr. Keller and asking a postponement of further proceedings, until tomorrow.

Chairman Volstead said the letter gave no excuse for non-appearance and directed the sergeant-at-arms to call Mr. Keller's name three times. This was done but without response and there followed a discussion as to what should be done.

Representative Graham, Pennsylvania, ranking Republican of the committee, asked that it report to the house with recommendation for action against Mr. Keller for contempt. Other members, however, suggested that the postponement asked for be granted and Mr. Graham said he would not press his motion.

Attorney Vahey, replying to committee members he could not say whether Mr. Keller would appear tomorrow; that this would depend upon the advice given him by counsel.

Finally the committee voted to grant Mr. Keller's request for a delay until 10:30 a. m., tomorrow.

BOLEY APPOINTED DEPUTY SHERIFF

Humphreys Succeeds Him as Patrolman in Delphos

Selection of Alfred W. Humphreys to fill the position on the Delphos city police force made vacant by resignation of Fred Boley, to become deputy sheriff of Van Wert-co, is intimated in official circles.

Boley's resignation is not effective until January 1, but he announced he will step out December 25 to arrange his affairs. Humphreys will assume his position as city patrolman on that date in event appointment is made by Safety Director Ed Spellman.

Eligible list of the Delphos civil service commission affords the names of only two men who took the required examinations—Humphreys and William Eichenhorst. Humphreys stands first on the list. His appointment is said to meet the approval of Chief of Police H. A. Kohres. The salary is \$1,500 yearly.

Acceptance of the deputyship was indicated by Boley to Sheriff-elect Ed Terry Thursday afternoon. Terry announced soon after his election on the Republican ticket in the November election he would favor Delphos.

Boley will arrange Monday for \$5,000 bond. His oral resignation was given to Chief Kohres Thursday evening. Boley has been on the force since 1913.

Besides Kohres and Boley's successor, the Delphos police department includes T. B. Wagoner.

KENTUCKY GANG'S CHIEF SLAIN

Prohibition Agent Another of War's Victims

CABIN STORMED BY ARMY

Fight Opens When 20 Officers Surround Home

LEXINGTON, Ky. — (Associated Press) — Prohibition Director Sam Collins has received word today that Bob Ballard, leader of the Monticello moonshine gang sought for the slaying of two federal officers last week, was killed in an early morning battle with twenty prohibition agents today. Guy Cole, prohibition agent, was slain in the clash, the report said. Charles Ballard, also sought, was wounded.

Bob Ballard was killed when prohibition officers surrounded a cabin in which he and his brother had barricaded themselves, near the scene of last week's encounter when two federal men were killed. SLAIN WITHOUT WARNING

Agent Cole of Bowling Green, Ky., approached the front door before any of his companions had fired a shot at the cabin. He was killed without warning from within and his body dragged into the building.

The remainder of the posse fell back and centered rifle fire on the cabin. Their shots were returned. Before the house was again surrounded, Charles Ballard dashed from the door and disappeared into the woods. Possession said he was wounded. He escaped in the hills.

The bodies of Cole and Bob Ballard were found in the cabin. Ballard had been killed by a rifle bullet that had penetrated the wall.

GIRL PLEADS FOR MOTHER'S BODY

Accuses Chicago Man of Murdering Her Parent

SUSPECT CHANGES STORY

Admits Woman is Dead But Denies Responsibility

CHICAGO — (Associated Press) — Arthur Foster, held in connection with the disappearance of Mrs. Kate Trost, telegraph branch office manager, under stress of simultaneous questioning by thirty detectives early this morning after he already had undergone nearly one hundred hours of examination by officers working in relief details, changed his original statement regarding the alleged death of the woman.

Early yesterday he told the officers Mrs. Trost had jumped into the Chicago drainage canal. Today he said that statement was wrong but that the missing woman leaped into the water at a point 100 yards away from the spot first indicated. A great squad of policemen were dragging the canal all yesterday for the body.

FACED BY GIRL

The first change in Foster's demeanor came after a friend of Mrs. Trost's spent more than an hour reading to him from the Bible and after Mrs. Trost's 11-year-old daughter faced him shortly after midnight with the accusation that he had murdered her mother and begged him to restore the body so it might be buried before Christmas. After the little girl's plea, Foster was said to have admitted Mrs. Trost was dead but denied he was responsible. He maintained she leaped into the canal.

STATE TAX COMMISSION INVESTIGATES VALUE OF UTILITIES PROPERTY HERE

Allen-co is numbered among a score of Ohio counties to be included in a statewide investigation, launched by the state tax commission, to determine if property of public utilities is being taxed too high.

Complaint was made during the past six months by 48 or more Ohio oil, gas, pipeline and railroad companies that their property was being taxed in some instances double the amount of taxes exacted from private interests.

The Buckeye Pipeline company, a Lima concern, was among the companies classed as utilities or common carriers that joined in the protest.

Investigation of the charges made by the concerns was launched this week by the tax commission.

W. G. McKnight, of Columbus, commenced looking up Allen-co properties and gathering data here Friday. He will spend from three to six weeks studying real estate values in the county.

FORD BANK HELD UP BY BANDIT

Lone Gangster Makes His Escape With \$5,600

DETROIT — (Associated Press) — Little progress was reported by Detroit and Highland Park police today in their efforts to run down the bandit who terrorized 15 employees of a bank at the Ford Motor Company's plant here yesterday, seized \$5,600 in currency in large denominations, fired a few shots from a sawed-off shotgun and then called upon a Ford employee to escort him out of the building. Mingling with the hundreds of factory workers just released from the shop, he was soon lost to pursuers.

Authorities believe the bandit was an employee of the company or a former employee who was familiar with the workings of the plant.

Shortly after 4 o'clock the man joined the line of workers in the bank on the second floor who were waiting to make payments on investment certificates issued by the company. After a moment he quietly stepped from the line, took the gun from under his overcoat and walked to the cashier's cage where he stuffed several bundles of currency into his pockets. He then walked 100 feet to the entrance, passed the unarmed guard and made his way to the third floor. Here he became confused and called upon a workman to carry him away out of here. The employee complied and the bandit disappeared.

His overcoat and his gun were left behind a door in a corridor—the only clues the authorities have to aid their search.

INTERURBAN LINES ADD TO PRE-HOLIDAY SERVICE

Express trains on the Lima-Springfield and the Lima-Defiance lines, controlled by the C. N. & W. and I. C. & W. will make all local stops beginning December 18 and continuing until midnight December 31.

This is to accommodate Christmas shoppers who will find the increased number of cars an advantage. Arthur V. Bland, assistant to the general manager, announced.

Similar action will not be taken on the Lima-Toledo and Lima-Ft. Wayne lines. It was announced, unless it is found that the present number of local cars is insufficient. It will depend upon the actual needs of the two lines, it was said.

SECOND CHAPTER OF WONDERFUL NEW SERIAL, "THE SKY LINE OF SPRUCE," AND SYNOPSIS IN THIS EDITION

NEWSPAPERARCHIVE

INFIDELS PLAYED BY EVANGELIST

Run to God as Refuge When all Else Fails Them

100 TROD SAWDUST TRAIL

Collection of \$85 Taken for Members of Band

Some people seem to think that God keeps two sets of books for them. Dr. W. E. Biederwolf stated in his sermon at the tabernacle Thursday night, in one set He places all their sins and in the other He records all their good doings. Then when they die He strikes a balance of the books and if the good doings add more than the sins, they may enter the pearly gates of Heaven, but if the sins outweigh the good deeds, they will be forever lost in the depths of hell.

"Such people," he added, "use no consideration whatsoever about the matter. If they would handle their business in the same fashion they do their religion, the state home for feeble minded would soon be their residence."

"To be saved, you must accept Jesus Christ as your Saviour, truly repent of your sins and live the life you know He would want you to live. Your morality can never save you from the darkness of hell."

A total of 6,500 people attended the two Thursday services. More than 1,000 persons were within the structure in the afternoon, and heard Dr. Biederwolf's sermon on "Christian Science." In the evening 4,500 men and women were assembled, when he preached on "The Refuge of Lies."

The evening service was opened by a short song service directed by E. J. Rollings, assistant evangelist. An offering of \$85 was taken for the band boys.

FOR MEN ONLY
Dr. Biederwolf announced there will be another meeting for men only Sunday at 2:30 p. m. The ushers were supplied with tickets which are to be given to those men who desire to attend. Admission will be by ticket Sunday afternoon.

The three best ways to get the news out to the men by telephone, the evangelist asserted, "and I want all the women in the tabernacle to do their part in delivering the information at your homes."

Dr. Biederwolf announced that the Sunday collection will be given to Dr. Biederwolf for the work he has been doing in Lima.

"We all know he has done our city a world of good," Dr. Biederwolf asserted. "We know he is beloved of the Lord and these two things, if we know, nothing else about him, makes the cause worthy, so we should give all we can and show our appreciation."

"The non-Christian finds himself at the foot of the hill of life with the tide of Christianity rising all about him," the evangelist said. "He feels he must escape Christianity, but as the tide rises he knows he must hunt some refuge, so he climbs into the cave of infidelity. He doesn't weigh both sides equally. He reads infidel books and listens to infidel speakers as he tries to free himself from the tide of Christianity. At last his little daughter lies upon her deathbed and requests him to tell her if she should follow his religion. He is forced to explain the Christian religion to her and the tide of Christianity enters his cave. He then moves a little higher into the cave of morality where he is sure he will be safe. But he finds that being moral and good will not keep the rising waters from his cave, so he goes still higher on the hill of life and enters the cave of Unitarianism. In this cave he finds he must deny the birth of the Son of God, ruin the virtue of the Virgin Mother Mary and make Jesus Christ the illegitimate child of a Jewish peasant. As the waters of Christianity enter his last abode he realizes that if Christ did not die on the cross we are forever lost in our sins and if He did not rise from the grave we are putting our trust in a dead Jew who has long ago rotted away in his tomb. At last he tells himself his trip has all been a lie and he runs to the only safe retreat—repentance of his sins and unshaken faith in Jesus Christ."

FIRST MAN FALLS
"In the first place, God made the earth and put a man upon it who was as clean and as pure as the angels in heaven," Biederwolf asserted. "But the devil entered into this man's life. He shot an arrow of sin straight into the man's heart and he fell back toward the devil's own hell. For many years the old world was full of men who staggered backward into hell with the arrow of sin in their hearts. Then, over 2,000 years ago, God took pity on the sinful world and sent His only begotten Son to earth that He might suffer and die on the cross for our sins. Jesus Christ came into the world, a baby, born of Mary. He had the holy spirit of His Heavenly Father and the human spirit of His earthly mother. He fought the temptations of the world as any other young man would do. He preached the word of His Father. He was condemned and sentenced to death."

"He bore His own cross and would have fallen in a faint because of the weight of it, but a colored man sprang to His side and loaded the cross upon his own broad shoulders and bore it to the field for his Saviour."

"They nailed Jesus to the cross with terrible rusty nails and when the crowd had dropped into the ground the force of the great gush in His feet and hands. A spear was jabbed into His side and amid awful suffering and torture, He died that our sins might be forgiven."

"He was lowered from the cross and placed in a tomb, a huge stone rolled away from the door, and the ground was sealed with a great seal. He remained there for three days and three nights, and then He rose again."

"And on the third day, the body

from heaven rolled the stone away of death held Him no longer. He rose from His grave. An angel and Jesus walked again on the face of the earth and showed the multitude that He had come up from the grave. He proved it to them by the wounds in His hands and feet and the cut in His side.

"Then He ascended into Heaven and is on the right hand of God, His Heavenly Father, and there He is now, pleading with you and with me, to give up our false religions, our sins and our shortcomings. He wants us to take Him into our hearts, believe on Him and take His religion in the good old-fashioned way that our mothers believed."

ATTACKS INFIDELS
"You infidels and non-Christians may not be interested in God and His teachings today," the evangelist declared, "but when you come to die, you will want your mothers' religion by your side. If you are not ready to die, you are not ready to live."

"Morality will not save you, God says. If you keep all the commandments but one and sin in that one you shall be lost unless you repent of your sins and accept Him as your Heavenly Father and Saviour."

"How many," he asked, "are ready now to cast the sins of the world away and believe in God? How many will put their trust in Him that they may be saved? Come! Come tonight and take your mothers' religion to be your religion, take her God to be your God and be forgiven of your sins that you may do His will on earth and receive reward in heaven and meet your loved ones that have gone before."

At the close of the evening service, 100 men and women went to the front.

APPEAL FOR EVANGELIST
The offering committee of the Biederwolf campaign issued an appeal Friday in behalf of the final offering in the tabernacle to be given to Dr. Biederwolf for his services here as follows:

For more than five weeks Dr. Biederwolf has labored in our city preaching day and night for the moral and spiritual uplift of the city's life.

Dr. Biederwolf has not spared himself in any way. No man could possibly labor any harder or have been any more faithful to the needs of the great campaign just concluded than has he. It has been truly a great campaign, thousands of lives have been made over and Lima is a better city because of the fidelity of this man of God who came at our request to lead us in the great undertaking now about to close.

Dr. Biederwolf worked hard to help Lima raise her own local expense and interested himself in the funds raised for the city's needs in various other directions.

The time has now come to show our appreciation of service given by Dr. Biederwolf. Surely Lima will not fall behind other cities of her size in her offering. Let us do something of which we may be justly proud. When we remember the terrific nervous strain of a work such as Dr. Biederwolf does, and the fact that he can only work during certain months of the year, and the financial demands that rest upon him because of certain of his philanthropic undertakings, surely we will be generous in the offerings we make.

Envelopes and souvenir checks may be obtained from any of the pastors or members of the offering committee. The public offering will be taken at all three services on Sunday and at the Farewell Service on Monday night. The offering committee, Oscar Young, chairman.

APPLICATIONS RECEIVED FOR ENGINEER POSITION

Several applications have been received at the city hall for the position of city engineer, to fill the place occupied by Vaughn C. Miller before his death. C. A. Bingham, city manager, stated Friday.

Among the men applying are several state highway engineers. No attempt will be made to appoint a successor, however, until after the first of the year.

Much of the work has been completed now and for several months all routine work can be handled by the acting city engineer, Leroy Miller, Bingham believes.

IT RELIEVED HIS STOMACH

"Your Plant Juice goes right to the spot," said Mr. W. M. Brown, of Waynesfield, Ohio, during a recent conversation with The Plant Juice Man at Hunter's drug store, 49 Public Square, Lima, where he is now meeting large crowds of local people daily and introducing and explaining his new natural remedy. Mr. Brown is well known at Waynesfield and also has many friends in Lima. Continuing, he said:

MR. W. M. BROWN

"For a long time I had suffered with my stomach and kidneys. Almost anything I ate would cause my stomach to bleed. My bowels were irregular and I had to be taking something for them nearly all the time. I did not sleep well and was run down in general and suffered from pains across my back, due to the kidney trouble."

"I read about your Plant Juice and what it was doing for so many people in my condition and so I started taking it. I can honestly say that your Plant Juice is remarkable in its action upon the system in general. I am already greatly benefited and am improving right along from the use of Plant Juice. I eat and sleep fine now, have been relieved of the bloating in my stomach and my bowels are in fine condition. The pains are leaving my back."

Plant Juice has brought surprising results in a great many Lima cases. Many people who take this medicine say it seems to act like magic upon the stomach, liver and kidneys."

The Plant Juice Man is at Hunter's drug store, 49 Public Square, Lima, where he is daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

Plant Juice is sold also in Lima at Hunter's drug store at Main and Wayne streets and at the Argonne drug store, opposite Post Office. adv

TED COMPLETES CHRISTMAS LIST

Temperature vagaries continue the daily order of the weatherman's precarious existence, but so long as he is happy, why worry?

Predictions made with the utmost candor and assurance often flatter and likewise quite often realized. The forecaster is inclined at times to become pessimistic, but then he remembers that in this world one gets no credit for the things that are one's right, but is looked and cutted or the things that are done wrong.

Ted, the temperature mascot, has forgotten his troubles, too, in the oncoming of the holiday season and is making up his final Christmas gift list. His task along his line was practically completed several days ago, but there are always a few stragglers—those forgotten in the first completed list.

Kidnappers who are possessors of sleds have been hoping for more snow, but have been utilizing the small offering accorded. Fair and colder tonight is the prediction. Saturday, increasing cloudiness, with slowly rising temperature. Probable snow flurries near Lake Erie.

TRUCK SKIDS IN FRONT OF CAR, IS DAMAGED
An empty coal truck driven by William Gladen was badly damaged at the Main and Second-st intersection in Delphos at 12:45 Friday afternoon, when it was struck by an east bound Ft. Wayne, Van Wert & Lima interurban car. Gladen was unhurt.

Gladen attempted to stop the truck when he saw the car approaching, but the brakes refused to hold and the wheels skidded on the snow covered pavement.

FOOT CRUSHED
W. R. Congie, 38, hammerman at the Lima Locomotive works, sustained a severely crushed right foot, while at work Friday morning. After treatment at the Locomotive Works hospital, he was taken to his home, R. D. No. 5.

Biederwolf Program

Friday, 4 p. m. Children's Day at the tabernacle. Mrs. Frances C. Albee, Miss Florence E. Hay and E. J. Rollings will have charge of the meeting. Rollings is very anxious for a large number of young people to be present, as he intends to organize a choir of children to sing at the Saturday evening service.

Friday, 7:30 p. m. Dr. Biederwolf will preach on "Staying in the Race." This sermon will be especially for those who have given their lives into God's keeping during these meetings.

Saturday, 7:30 p. m. Dr. Biederwolf will preach on "Zacchaeus." There will be no prayer meetings Saturday morning and no afternoon service at the tabernacle.

THEFT AT CELINA
Thieves made away with 18 automobile tires, two dozen tubes and a sweater, Thursday night, at Celina, a report to police headquarters says.

TOOLS STOLEN
Someone stole his tools from a house he is building, S. A. Carry, 636 S. Central-av, reported to police Friday.

New Kind of Light
Inventor Discovers Way of Producing Whiter Light than Electric from Kerosene Oil

A new lamp has recently been invented which burns common kerosene oil and produces a soft, white light said to be even better than electric or gas. Tests by the Government and leading Universities prove this new light is superior to ten ordinary oil lamps. It burns without odor, smoke or noise, is simple and economical, requires no pumping up and has been approved by the Underwriters for insurance.

The inventor G. M. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send one of these new lamps on ten days' free trial, or even give one to the first user in each locality who will help him introduce it. Write him today for particulars. Ask him to explain his agency proposition.—Adv.

NO MONEY FROM STATE FOR LOCAL HEALTH DISTRICT

A communication from the state board of health Friday informed the city officials that no money will be available to pay the state's portion of the cost in the local district until after the first of the year, C. A. Bingham, city manager, announced.

More than \$1,200 is due at the present time, but because of lack of money in the state health fund it cannot be paid, the letter says. There is a balance in the state treasury, but the money will not be available until after January 1, officials here have been told.

PATTERN MEN EAT ROAST PIG AND ENJOY PROGRAM

The Patternmakers' association of Lima held their annual pig roast at the T. M. C. A. Thursday evening. Several musical selections were given by the Patternmakers' orchestra and their quartette. Robert Kelly sang several solos and M. Baldwin sang with a guitar selection.

A boxing match was staged between Kid Vulture and Knock Out Guy. It was a draw. A two round bout by Fred Gaffman and George Hough was also a draw.

The patternmakers plan to hold another banquet soon.

Biederwolf Hot Shots

"What couldn't Biederwolf do?" someone in the choir asked Thursday evening. "He has proven that he can superintend the building of a fine tabernacle. He can very well manage the affairs of the entire evangelistic campaign, he has done excellent as a preacher, he offers heart touching prayers and who could lead the choir or sing a solo better than he?"

"Well," said another, "While Rollings was out of the city, I noticed that Grimes held up the old tabernacle. It didn't go to smash with him at the wheel. He too, can pray and preach and sing and oh, how he can make that piano talk."

Dr. Biederwolf was flat broke again Thursday night. He had to borrow his dollar for the collection

from R. J. Pate. It seemed that the other ministers were unable to help him out. At any rate, his money was the first to hit the bucket for the band boys' donation.

Rev. H. K. Slight of Rochester,

N. Y., visited Lima, in an endeavor to arrange with Dr. Biederwolf for a tabernacle campaign in the city. The evangelist addressed a meeting at the Bluffton college Friday.

"A minister I knew," said the

evangelist, "was a lover of parrots. He had a fine bird hanging in his study. One day the old parrot said: 'What shall I do to be saved?' The bird was on the water for several months and learned many queer expressions from the sailors."

The minister hung the new parrot on the side of the old one in his study. One day the old parrot said: 'What shall I do to be saved?' The new one answered: 'Pump! Pump! Pump! Like the devil or you will go to the bottom.'

MERCHANT WARS ON KU KLUX

Georgia Citizen Calls Mass Meeting Against Klan.

WINDER, Ga. — (Associated Press)—With a declaration that a mass meeting against alleged prevailing Ku Klux Klan lawlessness

will be held even if he alone attends, Robert L. Woodruff, local merchant, early today completed arrangement for the session called to adopt a resolution declaring Barrow citizens favor preservation of law and order. A similar resolution failed at a recent mass meeting.

Citizens from all sections of the south were here presumably to attend the meeting while through Georgia interest has been aroused over the strained relations between Mr. Woodruff and the local Ku Klux Klan chapter.

Adjutant General Hope of the Georgia national guard arrived here today, having been sent by Governor Thomas W. Hardwick to try to pre-

vent trouble between Mr. Woodruff and the Klan.

SITUATION TENSE

The situation was regarded as tense, but local authorities said they would be able to cope with any emergency. An eleventh hour warning was received by Mr. Woodruff not to attend the meeting.

Mr. Woodruff refused Governor Hardwick's offer to furnish him adequate military protection. He said if members of the Klan planned an attack on him, "I believe it will not be openly but from ambush and for that reason I do not believe a sheriff's posse or a military guard around my house would be of any avail."

Mr. Woodruff had a letter from Governor Hardwick he intended to read at today's meeting. Efforts of persons to regulate and censor the conduct of persons outside of the courts and outside of the laws must be choked in Georgia, was the substance of the chief executive's communication.

QUOTES WORKMAN'S LETTER

Declaration of Huge Stock Div-
dends Discussed.

(BY B. C. FORBES.)

NEW YORK.—(Special).—D'ye
know, I'm inclined to think that
workmen read more than business
men?James Couzens, now senator, told
me the other day that he would rather
take the judgment of 40,000
workers than the judgment of 40,000
of our most prominent business
leaders any day of the week. He
added that there was less selfishness
among workmen than among cap-
italists.Read this letter from a workman
in Hayden, Ariz., who encloses the
column I recently wrote explaining
that the only way workers could
permanently hope to receive was the
wage they earn, the earned wage:"I have been a constant reader of
your interesting articles for a long
time, and in all of them you have
spoken of an 'earned' wage, but in
none so explicitly as in the enclosed.
We workmen have discussed your
articles many times, and, of course,
have had about as many opinions."Some time past you wrote an ar-
ticle on the twelve-hour day, and
you spoke of interviewing a Steel
Trust man and calling his attention
to the fact that at Ford's plant the
men work eight hours and receive
almost as much pay. There are two
concerns here that are paying div-
dends and doing practically the same
thing. The earned wage should be
the same, for in both cases they are
doing all they can but in one case
the earned wage is based on the
money actually invested while in the
other it is based on at least fifty
per cent watered stock. The same
is true of all railroads and most
large corporations."Now come these immense stock
dividends, for this stock must have
a dividend in the future. Then this
earned wage, which does exist and
is doing its best, will have to be re-
duced materially to create for some
thing that never was any part of the
investment of the corporation, and
is worse than water."Please write something along
these lines. I feel that your articles
can do a great deal to right this
question and do, oh, so much for hu-
manity."Frankly, I sympathize with this
workman's objections to the present
wholesale inflation of the capital
stock of corporations thru the decla-
rations of huge stock dividends.These dividends, in most cases
have not been inspired by sound in-
vestment principles or policies. They
have been instigated rather, by fear,
by a foreboding that the radical poli-
ticians will impose heavy taxes up-
on the surplus profits of corporations,
or something else along this line.
As a matter of fact, I haven't yet
run across a single corporation di-
rector who could give any clear cut,
exact, comprehensive, specific rea-
son for all this torrent of stock di-
vidends.I am not at all sure that it hasn't
been a case of a flock of sheep fol-
lowing a leader. There were sound
reasons for some of the Standard
Oil companies increasing the num-
ber of their shares because their cap-
ital stock was ridiculously out of
line with their assets and their earn-
ing power.But since then every rag-tag and
bob-tail concern has been frenziedly
swelling the amount of its capital
stock.I'm not a lawyer, but I very much
doubt whether the course now being
so excitedly and spectacularly fol-
lowing will prevent our lawmakers
from carrying out whatever designs
they have in mind. Laws sometimes
can be made retroactive. And there
are other things besides a surplus
that can be levied upon if the tax-
layers are determined to "get at"
corporations.Indeed, I question whether these
sensational stock dividend distribu-
tions will not stir up so much atten-
tion and excite so many ideas, false
and otherwise, about the plutocracy
of corporations that the politicians
will be more emboldened than ever
to go after corporations to meet a
larger share of the nation's tax bur-
dens.Can you blame this workman in
Arizona for reasoning things out as
he has?Can you blame the public for get-
ting the impression that our corpo-
rations have been making such a tre-
mendous amount of money that they
are resorting to the score, by the
hundreds, to lading out hundreds
and hundreds of millions of dollars
in stock dividends and other special
dividends to their shareholders?I cannot but feel that it would
have adhered strictly to sound finan-
cial principles and not have resorted
so spectacularly to what is univer-
sally interpreted as a tax-dodging
maneuver.In face of what has been and is
happening dividend-wise, what sym-
pathy, what support, do corpora-
tions likely to receive if they plead
poverty when the taxlayers bring
forward drastic tax legislation?Are the rank and file of the pub-
lic not going to say, "If the corpo-
rations have been able to pay out a
billion or two in special dividends
to their own stockholders, they sure-
ly can afford, and should be made to
pay more, than they have been pay-
ing to lighten the taxes of the rest
of us and to help to run the govern-
ment under which they have been
able to make so many billions of
dollars?"

CALIPH DROPS HIS NARCHILE

Revolution of Customs Seen at
Home of Sultan

DEFIES KORAN ON ART

Upsets Precedents and Car-
toonists Inspirations

CONSTANTINOPLE. — (Special)
—With Abd ul-Medjid, successor of
the deposed Sultan Mohammed VI,
possessing the sacred robes and pow-
ers of the caliphate, American car-
toonists and humorists will have to
drop their old conception of an Ori-
ental potentate.

For Abd ul-Medjid does not wear
the flowing robes and pointed slip-
pers and turban of his forbears. He
appears ordinarily in a European
business suit, the only Oriental
touch being given by his red fez.

Nor does the new caliph recline
on silken cushions drawing puffs of
perfumed smoke from a surging
narghile. Abd ul-Medjid is an ac-
tive man and his favorite smoke is
a cigarette—which he indulges in rare-
ly.

NO HAREM FOR HIM

Aud—wonder of wonders! the
new head of the Moslem faith will
not be the possessor of a harem.
The caliph has but one wife tho the
law of the Koran allows him four
and Oriental tradition permits an
important ruler to possess several
scores.

While former Turkish sultans had
numerous progeny, Abd ul-Medjid
has but one child, a daughter, his
constant companion. This already
is worrying Moslem chieftains.

"What if the caliph dies without
male issue?" they ask. "Who will
continue the line of caliphs?"

Another thing that worries rock-
ribbed Moslems is the new caliph's
devotion to art. The Koran, in its
strictest interpretation, forbids
painting pictures and making "grav-
on images." But the new caliph not
only loves and appreciates art but is
known himself in Paris as an accom-
plished painter.

Abd ul-Medjid will exercise no
civil power within the Turkish em-
pire but he will be recognized as the
spiritual head of millions of Moham-
medans all over the world who will
look upon him with the same respect
as Roman Catholics look upon their
pope.

HIGHJACKER PEST OF BOOTLEGGERS

His Operations Are on Both
Land and Sea.

RUM RUNNER'S NIGHTMARE

Liquor Sellers Robbed by These
Heavily Armed Thugs

(BY JAMES T. KOLBERT)
WASHINGTON.—(United Press).
—Highjacking is almost as profitable as bootlegging.
The "highjacker" preys on the bootlegger. He operates on land and sea and is the nightmare of the bootlegger.
Traveling in gangs, heavily armed, routes of bootleggers, robbing them not only of their cargoes of contraband, but usually stripping them down to their shirts.
Most of the "highjacks" are ordinary thugs, running greater risks for great gains. Other recruits, particularly for holdup work on the seas, are found among the ranks of younger men who thrill to the pirate's calling.
The water "highjacks" operate as follows:
They employ fast vessels. They

lay in wait for a bootlegging craft bringing in a load of liquor. When they spy such a ship, the "highjacker" pretend to be revenue agents and give chase. The bootleggers throw their cargo overboard, thinking they will go back and fish in the casks after the revenue has been shaken off. But it is the "revenue" boat that hauls in the liquor.

Cargoes of contraband liquors worth many thousands of dollars change hands in that manner every week on the Atlantic coast and on the Great Lakes, according to reports to Washington by officers of the "prohibition navy."

Reaping Big Harvest
Paying nothing for their liquors, the "highjacks" are making money as fast as some of those Texans with million-dollar oil gushers in their backyards. Only the "highjacks" don't have to worry about income taxes.

The "booze pirates" are harder to catch than the ordinary bootlegger

because they pick up their cargoes in mid-ocean or mid-lake and leave no tracks out of port. And they are harder to put out of business for even if they get in a tight place and have to part with a treasure of booze they are out nothing except their time and trouble.

A popular rumor among prohibition officials is that the leader of one of the most interlarded gangs is

a former army aviator who won a medal for bravery in France. The yarn is he stood peace as long as he could and finally went into his present occupation for excitement's sake.
The last "highjacker" is just plain thug. In dealing with bootleggers he knows he is dealing with desperadoes of his own calibre. Many of the bootleggers aids are recruited from the ranks of crookdom, and the

rest are equally handy with a "gat." Several months ago "highjacker" held up a fleet of three trucks loaded with booze, on a road not far from New York city. The "highjacker" got "the drop" on the bootleggers and the capture therefore was made without a struggle. When the highjacker drove off the trucks and liquor, after stripping the drivers and guards, they neglected to take an

automobile which was part of the caravan.
The bootleggers sped away to a nearby town, secured revolvers, and then taking a short cut, overtook the "highjacker." The bootleggers opened fire, killed two of the "highjacker" and drove the rest into the woods. Then they calmly went through the pockets of their victims,

and removed all valuables and drove away with the recovered trucks and liquor.

Here is an inexpensive home made remedy that you can't beat and one that will quickly bring up that phlegm, stop the snuffling, relieve the clogged nostrils, make breathing easy and rid you of stubborn colds and persistent coughs to vacate many times over night.
Try it right away if you suffer from Catarrh, Chest Colds or any irritating nose or throat troubles and you'll be glad you ran across this little bit of advice.

Get from any druggist, one ounce of Tannin (double strength) add to it a little sugar and enough water to make one half pint. Blood Pressure Down Five Degrees

Mrs. Charles Whitney of Troy Tells
How To Quickly Reduce High
Blood Pressure

"I have suffered from high blood pressure since last July with a pressure of 238. I never would have those severe headaches that come with high blood pressure, such as dull throbbing pain and ringing in my ears. I had terrible dizzy spells, at times so bad I would have to grab hold of something to keep from falling. I would become very weak and often I would faint away. Finally, I became nervous and would not sleep at night.
"I heard of NORMA and decided to give it a trial and I'm certainly glad I did. Why you know the first day my pressure went down five degrees and I slept fine, getting a good night's rest. Those dizzy spells have left and I haven't had a week or fainting spell since the first few doses. To be rid of those headaches alone is worth a fortune for they were torture. I can recommend NORMA highly to anyone suffering as I did."
Whitney, Troy, N. Y., Feb. 25, 1922.
NORMA is the new discovery for high blood pressure that Green's Public Drug Store is selling so much of these days. It was first prescribed by a Buffalo physician with the remarkable results. All first-class druggists sell and guarantee it.—Adv.

INFANT SCHULTZ DIES

Dolores Schultz, aged two years, daughter of Mr. and Mrs. Harold Schultz, Detroit, died Thursday of pneumonia at the home of her parents in that city, after an illness of ten days. The father, Harold Schultz, is the son of Mrs. William Schultz, W. North-st, of this city. He moved to Detroit four years ago. Prior to that time he had resided in Lima. RURAL TAX LIMIT ADVOCATED

Included in Program Adopted by
Ohio State Grange

WOULD BE HELD TO 14 MILLS

Plan Means Saving of \$10,000-
000, C. A. Dyer Says

COLUMBUS—(Associated Press)
—Adoption of the entire taxation

program proposed by State Overseer
C. A. Dyer which called with it vin-
dication of the taxation views of
Dyer and State Director of Agricul-
ture L. J. Taber. marked the close
of the golden jubilee convention of
the Ohio State Grange here. Dyer
was re-elected overseer and Taber
retained his position on the board
of directors.

Silent features of Mr. Dyer's pro-
gram which he said would entail an
annual saving of \$10,000,000 to
Ohio farmers included limitation of
the rural tax rate to 14 mills; aboli-
tion of all state taxes except that
for the soldiers' bonus; abolishment
of special elections for tax levies and
bond issues by holding them at reg-
ular elections, requirement that the
state tax commission pass on the
necessity for all bond issues; reten-
tion of the present debt limitation
law; a gasoline tax for road improve-
ment and maintenance; an income

tax law; protest against more tax
tree bonds and securities, and op-
position to a reappraisal of real
estate until "other forms of property
bear a just share of taxes."

*Success in baking is
a matter of baking powder*

BAKING is a matter of
baking powder, and
not "luck" as many
women believe.

Eggs, butter, flour, though
skillfully prepared for
baking depend for rais-
ing upon baking powder,

and their wholesomeness
is largely determined by
its quality.

To have perfectly raised
dough; light, tender, taste-
ful bakings, choose baking
powder carefully.

Because of its scientific
manufacture

CALUMET
The Economy BAKING POWDER

can be depended upon al-
ways for successful raisings,
every time you bake.

Calumet is economical, it
prevents failure and the
spoiling of ingredients; mod-
erate in cost, and because it
has more than the ordinary
leavening strength, less is
used.

The sale of Calumet
is over 2½ times as big
as that of any other
baking powder.

A pound can of Calumet
contains full 16 oz. Some
baking powders come in 12
oz. instead of 16 oz. cans.
Be sure you get a pound
when you want it.

MACDOO BOOM ON IN EARNEST

Design to Make Him Presidential Nominee Launched

EXTENSIVE PLANS DRAFTED

Backers of Movement More Confident Since Election

BY LAWRENCE M. BENEDEICT
WASHINGTON, (United Press).—The campaign in favor of the former secretary of the treasury and son-in-law of ex-president Wilson really began some months ago, but now that the elections are over, new and more extensive plans are being drafted and the MacDoo boom is being put under way in earnest. From now on, the activities of MacDoo's political supporters will be

evident in all sections of the country. For one thing, MacDoo himself, who has been living the quiet life out in California since the last democratic national convention, will step out more into the limelight. He will make more speeches, write more letters for publication and will generally conduct himself more like a presidential candidate. However, as a part of the game, he likely will go on denying that he has any presidential aspirations.

The MacDoo backers in the democratic party are more confident than ever since the elections. They believe that the defeat of Senator Pomerene in Ohio put MacDoo's strongest potential opponent for the democratic nomination effectually out of the running.

They feel, too, that the re-election of Rep. Fitzgerald, republican, in James M. Cox's home district in Ohio, has made materially easier the sidetracking of Cox. They were more afraid of Pomerene than Cox, anyway.

WANT TO GET THE JUMP
Believing they have the inside track now, the MacDoo supporters are to keep the jump on the other factions within the democratic party. Plans are being carefully laid to push the MacDoo movement into all the states at once, in the hopes of lining up the party organization in plenty of time to insure MacDoo control of the national convention two years hence.

The MacDoo men claim they have

no fear of Al Smith of New York who looms as the Tammany Hall presidential candidate in 1924. And in this connection, MacDoo leaders say emphatically that they will not seek to bargain with Tammany for support.

His split with Tammany Hall during the Wilson administration was believed to be one of the chief reasons MacDoo moved last year from New York to new political quarters in California.

Some of the MacDoo leaders, it is understood, feel that Woodrow Wilson can be induced to throw his support to his son-in-law in the next democratic national convention. It will not be a surprise if Bernard Baruch, Joseph Daniels, Daniel C. Rogers, Robert Woolley, Huston Thompson or some other MacDoo emissary makes a call at the former president's home on S. street shortly to get Mr. Wilson's attitude.

AMERICAN LEGION WILL MEET NEXT IN NEW HOME
William Paul Gallagher Post No. 96 American Legion will meet in its new home for the first time Friday evening.

Decision to take over the old Grams-Bernstein club room at North and Main-sts was made at a meeting of the post a week ago. Max Bernstein, owner of the building, made the Legionnaires a reasonably low rental offer.

There is one large room available for meetings and several smaller ones in the suite.

"The next step will be to obtain furniture for the rooms," Pete DeWeese, post adjutant, announced.

Plans for a series of post entertainments after the holidays will be discussed at Friday night's meeting.

Your Government To Cost You Less

With the help of the Budget Bureau, with the cooperation of Congress, with the aid of continual prodding from the White House, the United States Government seems at last to be in a happy way financially. When the newspaper editors read the message President Harding submitted to Congress along with the budget for the next fiscal year, even the Democrats promptly sat down and wrote cheerful, happy, and congratulatory editorials. For they learned that this prodigal Government of ours has in three years cut down its spendings from a six-billion-dollar to a three-billion-dollar basis; that it is going to spend half a billion dollars less in the next fiscal year than in the present; that the expected \$600,000,000 deficit for 1923 has already been cut down by half and, since it is only December, may very well be wiped out altogether by the end of the year on June 30; and finally, that the official Budget Bureau estimates for the fiscal year ending in 1924, indicate a substantial surplus of \$180,969,125.

You will read in THE LITERARY DIGEST this week, December 16th, how the reduction in government expenses has been effected, what activities have been curtailed, and what the probable effects upon the tax-payer may be. Other instructive new-articles in this week's issue of THE DIGEST are:

LANDLORD CALLED INTO COURT

Barred Children, Charge Against House Owner

FIRST CASE TO BE TEST

New York Makes Misdemeanor of Exclusion

(BY BOB DORMAN)

YONKERS, N. Y.—(Special).—“I'm fighting to prove there's a way to force landlords to give shelter to those who prefer God's little ones to pedigree pups!”

That's the battle-cri of Mrs. Elizabeth Darcy, mother of five, one of the principals in the first fight under New York state's new renting law which makes it a misdemeanor for a landlord to refuse to rent a dwelling on the ground that the tenant has children.

Mrs. Darcy declares B. C. Griffin, apartment house owner, refused to rent to her when he learned of her brood of five.

LANDLORD DENIES IT
Griffin denies this. He loves children, he says, but was forced to deny Mrs. Darcy occupancy because he'd already promised his premises to someone else.

Here's the background of the fight:

Mrs. Darcy supports herself and children. Her invalid husband is in a hospital.

She had to move to make room for the new owner of her home. Griffin advertised for a tenant.

Mrs. Darcy says she agreed to take Griffin's apartment and Griffin was agreeable until he learned of her children.

“When he turned me down,” Mrs.

Darcy says, “I couldn't help wondering what the country was coming to.”

ARMED MINE GUARD SYSTEM IS BANNED

EAST LIVERPOOL, Ohio—J. W. Stephens, new sheriff of Brooke-co.

West Virginia, opposite here, succeeding Sheriff H. H. Duval, slain in a pitched battle with miners at Cliftonville, July 17, will ban the armed mine guards system in Brooke-co.

“Men paid by private interests cannot administer the law without prejudice and the practice tends to undermine democratic government,” said Stephens.

“If the county needs additional guards, I'll hire them, and will not

ask the assistance of outside interests. There is no law on the statute books of our state that empowers private interests to underwrite the civil liberties of the people.”

FINDS WATCH IN COW

FINDLAY — Seven years ago, George Montgomery, Liberty-tp, lost his watch while working on his farm. Recently he butchered one of his cows, and found the time piece inside of it, between the stomach and the heart.

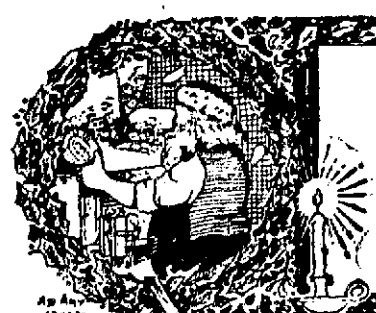

The American Legion Auxiliary will hold a bazaar and bake sale Sat. Dec. 16, Blattner's, 223-31 S. Main-st.

FROZEN FISH DECREASE

COLUMBUS.—The amount of frozen fish in storage in Ohio Nov. 15, was 54,565,000 pounds, as compared to 61,228,000, a year ago, according to figures of the Ohio Division of Markets. The decrease is due to increased consumption, it was said.

Protesters Approve for Booze Purchases

THE DRY REPORTS

WASHINGTON.—(Special).—T. F. Higgins, the well-known expert of mathematics, has asked Congressmen to join with Congressman A. Gallivan, of Massachusetts, in protesting against the appropriation of \$150,000 for the purchase of booze evidence by prohibition agents during the ensuing year.

"It is a matter of mathematics," Higgins says. "Last year prohibition agents spent \$138,000 for booze."

There are 1143 field agents in the country. That means that each agent bought 231,666 drinks. If we assume that drinks of 50 cents to \$1.00 or perhaps an average of 60 cents a throw, it is to say, per drink.

GO TO DRINKS? The important questions, it seems to me, are these: Who got the drinks? Did some agents have more than others? Were those who had the provision in the country which says we are all

the 1143 field agents all got a share? Did they each get approximately 231,666 drinks last year?

Supposing that is to say, subtracting off—Sundays and holidays, there were 305 working days. What do you know is: What did those who bought a drink a day or more during the other 100 or so days do? If some bought a drink a day, and others only bought a drink on other days, we ought to know

Professor Higgins has asked his men to urge the appoint-

ment of a commission of mathematicians to find out why prohibition agents have asked that the drinking appropriation be increased to \$150,000.

This, he points out, would provide a quarter of a million drinks, at 60 cents a drink.

"I see," he added, "that Prohibition Director Haynes says he may have to reduce his force if the total enforcement appropriation is only \$5,000,000. Will the force be so reduced that each agent will be able to buy a drink a day?"

Don't Let Them Steal Your Stamps

Beginning today your War Savings Stamps of the issue of 1918 are worth \$5.00 each as credit on a savings account at this strong bank.

This means that beginning today sharpers and silver-tongued salesmen of all sorts will try to get your War Savings Stamps from you in exchange for doubtful securities, fake stocks, "sure things" of every variety.

BUT DON'T LET THEM HAVE YOUR STAMPS!

Protect yourself by bringing your stamps, personally, to us and we will credit them at full maturity value—\$5.00 each—on a savings account, without introduction, or inconvenience to you.

It is the quickest way, the easiest way and by far the safest way to get full value for your stamps and at once.

Do it now—today, if possible—make certain that your war time savings continue to work and grow for you. And a savings account is the safest investment in the world.

Our Savings and Bond Department will handle your Victory notes called for redemption December 15th, without charge. We will give you cash and accrued interest in full, or credit you on a 4% compound interest bearing savings account.

EUROPE SEEKING NEW REVENUE

Only Three Out of 17 Govern-
ments Paying Expenses

FRANCS AND MARK ON SLUMP

Drop is Declared Due to Repara-
tions Question

(BY CHAS. MCCANN)
LONDON.—(United Press).—Eu-
rope's finances, from bad, are going
rapidly to worse.

The United Press recently pointed
out that of seventeen European na-
tions only three—Denmark, Great
Britain and Yugoslavia—are paying
expenses.

Since then, for want of a remedy,
the French and Belgian francs and
the German mark have slumped
heavily. Only one encouraging sign
has been noted in Europe—the over-
throw of the Italian government in
favor of the new Fascist regime,
which at least has promised ruthless
cutting of expenses.

The slump in the mark is due to
the reparations question; Germany's
unwillingness to pay, combined with
inability to pay after four years of
French haggling and haggling, in
great part justified as regards and
if not means.

The slump in the franc is due
both to reparations, upon the receipt
of which France relies to "balance"
her budget, and to the situation in
the Near East—a new complication
by which France stands to lose im-
portant concessions gained from the
Kemalists.

FIND NO WAY OUT
So far no way out has been found
Statesmen are trying to settle the
Near East question and avoid a war
which could easily be the fatal blow
to Europe's economic system, if not
to European civilization itself.

Jugo-Slavia is trying to rush thru
Parliament an 800,000,000 dinar ap-
propriation bill to prepare for pos-
sible war in the Near East.

Germany is continuing to print
money which is becoming as worth-
less as the Russian rouble.

France is continuing to list heavy
illusory reparations payments on the
credit side of her finances.

Poland is encountering internal
troubles, particularly in Eastern Gal-
icia, which Poland wishes to an-
nex.

Austria, absolutely at rock bottom
is starting what may be a new lease
of life with the help of the rest of
Europe.

The neutral countries in Europe,
enriched during the war, are suffer-

ing because the poverty of their ex-
tortionist neighbors prevents their
trading.

The United Press has received
two opposing prescriptions for the
present economic illness of Europe.
These will be presented in subsequent
articles—the first by Hamilton Fyfe,

noted British editor, who has just
taken charge of the London Daily
Herald, the organ of the powerful
British Labor Party; and the second
by J. Taylor Peckie, a leading Lon-
don banker and economic expert.

270 ARRESTED
COLUMBUS.—Federal prohibition
headquarters in Ohio made 270 ar-
rests during November, the monthly
report of Director Russell shows.

ties, \$58,051.

Confidence

is the foundation of business—a mutual
confidence existing between buyer and seller
is essential to any satisfactory transaction.

And confidence is the growth of years—
the child of fair dealing and the father of
success.

It is because we realize so well these
facts that we have, throughout the years, so
jealously guarded the unvarying quality of
Larabee's Best Flour and have maintained
the Larabee standard of business ethics.

Our reward is that today, throughout
the world, there is confidence in the name
of "Larabee" which makes our business
relationships a source of constant pleasure.

And housewives have likewise learned
to recognize in the label of Larabee's Best
Flour the guarantee of a superior, always
dependable sack of flour.

SPIRITUALIST AND SCIENTIST

SUBJECT: SPIRITUALISM VS. THEOLOGY

Will reply to recent denunciations that the phenomena of Spiritualism is the work
of clever charlatans and the works of the Devil.

Spiritualism is accepted by the World's Greatest Scientists, including Sir Oliver
Lodge and Sir Arthur Conan Doyle after 30 years of Research and Laboratory
Work.

Mr. West recently challenged the Rev. W. E. Biederwolf to debate on Spiritualism
vs. Theology. The Rev. replied as follows:—

DEAR EMMETT: Only an extra reckless driver will speed on icy pavements. When they're brought in for this offense, give 'em an extra stiff sentence, Judge.

LIMA BEANE

To Hospital Probers
MY FRIENDS: So much has been said about the efficiency of my district tuberculosis hospital that I am eagerly awaiting an official reply from you. While you are at it, go to the bottom of the whole affair and let the shoe pinch whom it may. If there has been laxness, inefficiency and waste there, the public should know it.

Your report should be so complete and subsequent action so prompt there will be no room for further complaint.

LIMA BEANE

To the Lima Elks Lodge
MY BOYS: You're the same old generous bunch, always looking ahead to make someone's burden a little easier and providing cheer where only gloom exists.

I have in mind your kid party for December 24. On that day you will make some 1,300 to 1,500 boys and girls happy and bring to them some of the spirit of Christmas they otherwise would not get. It's a fine work, boys, and I am expressing the sentiment of my city when I thank you for your interest.

LIMA BEANE

To My People
FRIENDS: Many of my boys and girls have been doing a very commendable thing by feeding birds that are wintering with us. Now that the ground is covered with snow, we should give more attention to this duty. Unless food and water are provided for them they will die by hundreds and thousands. Only a small amount of work is required to do a great good in this matter.

To Ex-Senator Newberry
DEAR TRUMAN: You are going abroad for an extended visit. I am informed. Needn't hurry back, Truman. Stay as long as you like, the longer the better.

LIMA BEANE

To Restaurants
FRIENDS: Your attention is called to a state of affairs that exists in some of the places where I accord patronage, in the matter of charging for service.

WITH APOLOGIES

BY OH, OH, JACKENRIM
A Page from the Diary of An Antiquated Reporter: Up betimes, to do my stint. In the furnace room. Saw a brave motor coach and a street car try to pass in the same orbit. Howbeit, the street car did. So abroad, windows frosted, rooco like. The snow an inch in thickness, melting fast. Anyway, Kris Kringle is using a gas wagon nowadays. Met a chubby chap, his tangle being he was going down town to see Santa Claus. We strolled about the square, and met one. Then on Main-st ran into two, and the boy was puzzled. And I much vexed thereat. He saying, he didn't know Mrs. Santa had twins.

Sure, it would be great to be a choir leader. But alas, I'm too old. One shouldn't be over 25. Them days is gone for— and speaking of Christmas, played an hour last night. With the doll that says "M-m-m-a." And fear a greave cold has come upon her.

Lunched, at a North-side Hot-off place. Where in ye olden tyme you got a bowl of soup, the heavy crockery sort, that jolly well took twenty minutes to empty. All the pickles, pigs' feet and cold slaw you wanted. Rye bread, and a silver of roast beef. For a nickel. With four percent as a wash. This day paid 55c, and came away hungry. The next generation will think nothing of paying a dollar for a ham sandwich.

In the afternoon, visited a few monstries. Val Hell, the noble contractor therein; and Julius Wise buying German marks. There's a man who hasn't forgotten the needy ones help. Home. William

fluctuates to that extent, I wonder why. It would be a great help in the elimination of misunderstandings if all of you would have printed menus or signs showing the price of things that are offered.

It might also work to your advantage in the elimination of criticism that finds its vent in loss of patronage.

LIMA BEANE

To My Commission
BOYS: Now we have everything essential to a visit from Old Santa—snow, lights and plenty of toys for the boys and girls and more substantial things for my older children.

Thank you for getting the bright lights and some not so bright shining in time for his coming. Otherwise he might have missed us entirely.

LIMA BEANE

To Postmaster-General Work
DEAR HUBERT: I have heard much about efficiency in your department. How can there be efficiency when such a necessity as the telephone does not appear listed for your branch in so important an office as Lima?

Please look this matter up. Col. Gale can't get along without it and keep up to the times. Get him a telephone or a radio outfit.

LIMA BEANE

To D. J. Cable, Lima Street Railway Co.

DEAR DAVE: the wintry blasts blow thru our old street cars as they trundle along until they are scarcely warmer than the great outdoors these mornings. I'm told some new cars will be put in service ere long. Please don't delay their arrival a day longer than necessary.

LIMA BEANE

To John W. Reed
MY DEAR JOHN: I feel certain that if you give to the combined Lima Gun Club and the Allen County Fish and Game Protective association the same energy you have long manifested in behalf of the first named organization, the merged bodies will be a force to be reckoned with by game law violators.

Allen-co has long needed such an organization as an aid in protecting and propagating fish and game.

LIMA BEANE

To Santa Claus
MY DEAR NICK: Your thoughtfulness in bringing to my city full ten days before the Yuletide season a plentiful supply of Christmas trees has won my gratitude.

Society News

MRS. LUAN M. BUTLER, W. Spring-st., will welcome the members of the T. and T. club at her home Friday evening for the regular semi-monthly meeting and dinner.

"Ireland" will form the interesting subject for the program, which will probably be one of the most enjoyable of the club season.

Mr. Mackenzie will give a talk on "The Government of Ireland" while "The Emerald Isle, in Song and Story" will be a subject discussed by Mrs. Kent W. Hughes.

A group of old Irish songs will be sung by Mrs. J. W. Roby, after which examples of Irish wit will be given by the club members.

Reservations for more than 175 have been made for the home-coming dinner at the Lima Club, which will be a delightful event of Friday evening.

During the dinner hour several fascinating barata numbers will be given by a group of amateur talent.

With only one exception—a group of songs, whistling solos and dances, which will be given by little Jean Dorothy Roth, daughter of Mr. and Mrs. Carl Roth, Delpat, the program will be given by local talent.

A dance and song number will be given by the "I Can't Help Lovin' the Girls" chorus, which was very enthusiastically received at the musical comedy, "Miss Bob White" presented recently at the Pantages Opera House. The chorus is led by Carl Young.

Miss Margaret Gregg will sing several solos, Miss Mary K. Roby playing the piano accompaniment.

Another interesting number will be a song and dance number to be given by a sextette composed of Misses Virginia Mosher, Mary Esther Bentley, Mary Louise Edwards, Frances Lou Cunningham, Katherine Moulton and Martha Laughlin.

The program is in charge of the Junior Auxiliary of the club, of which Miss Gertrude Boose is chairman. Miss Boose is being assisted by Misses Violet Bradley, Dorothy Kahle, Betty and Sara Laughlin, Mary Kathryn, Martha and Annette Roby, Kathryn Schaefer, Margaret Gregg, Eloise Cunningham, Louise Ackerman and Mary Parmenter.

Dancing in the ball room will be enjoyed following the dinner and sabaret.

An artistically arranged Christmas vesper service has been planned for Sunday afternoon at 4 o'clock at Bethany Lutheran church. Mrs. Irene Harruff Kilinger is the chorister and Luther T. Spayde, the organist.

The program follows:

Prelude.
Hymn 110, "Joy to the World."
Invocation.....Rev. W. C. Spayde
"Comfort Ye My People"
"Every Valley shall be exalted"
Roland B. Mikesell, tenor
Reading, "The Prophecy of Isaiah."
Mrs. J. K. Bannister.
"He Shall Feed His Flock".....Handel
Blanche Finicia, soprano
Helen Bowers, contralto
"The Coming of Jesus, as told by St. Luke."
Mrs. Bannister.

Choir with solos by Mrs. Marguerite Meyer Fraser, soprano.
Benediction.

Following the dinner the evening was enjoyed in games and contests, in which Mrs. J. J. Hall and P. A. Reynolds were successful.

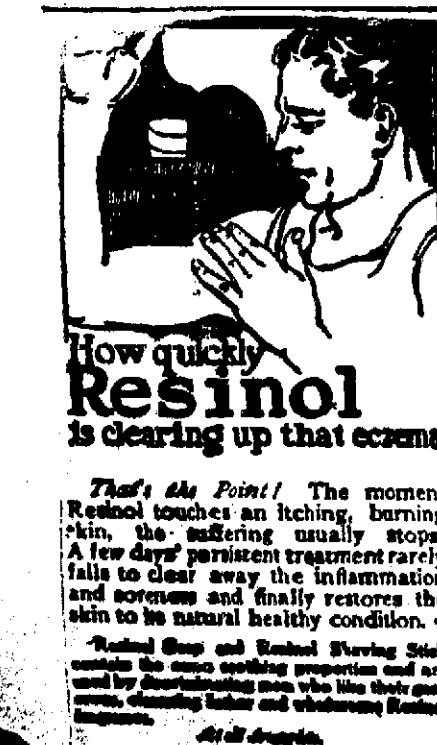

Those present included Mr. and Mrs. J. W. Robertson, Mr. and Mrs. George Davison, Mr. and Mrs. J. J. Hall, Mr. and Mrs. Reeder, Mr. and Mrs. W. Schuler, Hight, Mr. and Mrs. P. A. Reynolds, Mrs. and Mrs. John Stevens, Mr. and Mrs. Metzger, Mrs. Markley, Mrs. M. Ward, Mrs. Emans and Mrs. Spees.

How quickly Resinol is clearing up that eczema

That's the Point! The moment Resinol touches an itching, burning skin, the suffering usually stops. A few days' persistent treatment rarely fails to clear away the inflammation and soreness and finally restores the skin to its natural healthy condition.

Resinol Soap and Resinol Shaving Stick contain the most soothing proportion and are used by dermatologists and by the thousands of suffering sufferers and thousands of Resinol users.

PLAN NEW ROAD INTO DELPHOS

Realtors Move for Highway at East Side of City

Delphos real estate men are urging a new road to mark the eastern

limits of the city and to serve as a connecting link between the Ft. Jennings-rd and the Harding Highway. Under the plans advocated by real estate representatives of the city, according to C. C. Judkins of the firm of Judkins & Judkins, the road would connect with the Ft. Jennings-rd at Second-st and skirt the eastern corporation line until it meets Lima-av.

At present the Ft. Jennings-rd runs only to Third-st, property adjustments being necessary before its course can be extended to Second. The proposition was tried out before

present improvements on the road were started, but failed.

Proper platting of lands lying west of the proposed new road would make possible the extension of Harmon, Suthoff, Jackson and other streets whose eastern terminations at present are mostly in fields.

The improvement is seen not only as a boon to those who own adjacent farm lands, but also as a step forward toward an end of the city in which progress seems most assured, territory which includes the Delphos Manufacturing company,

American Road Machinery company, Delphos Bending company and other plants.

HAND CRUSHED
John A. Morris, 324 W. Elm-st, is confined to his home because of injuries which he received at Lake Erie & Western Railroad shops. His hand was crushed.

HOSPITAL PROBERS WILL TRUSTEES

Suspended Board Members Before Committee Friday

All of the suspended Trustees of the District Tuberculosis Hospital will have faced the special investigating committee before nightfall today, it was learned from reliable sources.

T. J. Jones, Van Wert co-memorator, was a principal witness before the probers Thursday night, but refused to divulge any information regarding his testimony.

It is reported to have been one of the trustees aligned with Dr. J. A. Patterson, in the fight to oust Dr. C. A. Piles, superintendent, on grounds of gross extravagance.

Dr. Patterson's testimony before the committee of five county commissioners will be substantially the same as has been previously made public.

The investigation will continue until all witnesses have testified and the committee has covered the tangle from all angles.

WIDOW TO LOSE ESTATE IF SHE SHOULD RE-MARRY

Mrs. Inatha Harruff, 1019 St. John-st., will lose all real estate bequeathed her by John Harruff, under terms of his will, should she re-marry.

The document executed by Harruff, was probated before Judge J. H. Hamilton Friday.

All personal property is given to the wife outright. A life estate in Holmes addition, is bequeathed the wife, but will pass to four children, after death, or in event of re-marriage.

The conditional heirs are Arthur Harruff, Mrs. Eva Stemen, Emma and J. R. Harruff, all of Lima.

ORDERS GIVEN TEACHERS IN SCHOOL ROOM COMFORT

Possibility of illness among school children due to improperly heated class rooms in Lima is reduced to a minimum by the new ruling which has been placed in effect in all buildings by Superintendent of Schools J. E. Collins.

Every teacher has been notified

th temperature of each class and study room must be kept constantly at the proper degree. A formal order has also been issued which makes it mandatory on the teachers to dismiss classes when the room temperature falls below 56 degrees at 9 a. m.

At the same time, orders were issued to janitors in all buildings that rooms must be at the proper temperature at the opening of school each morning.

PLAN NEW ROAD INTO DELPHOS

Realtors Move for Highway at East Side of City

Delphos real estate men are urging a new road to mark the eastern

limits of the city and to serve as a connecting link between the Ft. Jennings-rd and the Harding highway. Under the plans advocated by real estate representatives of the city, according to C. C. Judkins of the firm of Judkins & Judkins, the road would connect with the Ft. Jennings-rd at Second-st and skirt the eastern corporation line until it meets Lima-av. At present the Ft. Jennings-rd runs only to Third-st, property adjustments being necessary before its course can be extended to Second. The proposition was tried out before

present improvements on the road were started, but failed. Proper platting of lands lying west of the proposed new road would make possible the extension of Harmon, Suthoff, Jackson and other streets whose eastern terminations at present are mostly in fields. The improvement is seen not only as a boon to those who own adjacent farm lands, but also as a step forward toward an end of the city in which progress seems most assured, territory which includes the Delphos Manufacturing company,

American Road Machinery company, Delphos Bending company and other plants.

HARVEY CALLED IN FOR PARLEY

Washington Plans Conference on European Crisis

U. S. INTERVENTION LIKELY

Envoy to Britain Summoned by President Harding

WASHINGTON — (United Press) — American intervention in the European crisis is imminent.

The United States shortly will take a major step of far-reaching importance in the serious situation abroad, the United Press was informed in a highly authoritative quarter today.

George Harvey, American ambassador to London, has been directly instructed by President Harding and Secretary Hughes to return to Washington for consultation on the European crisis.

Another international conference in Washington, this one designed to bring about relief from the desperate economic situation in Europe, is a probability.

Talk of a big loan to Germany by allies, Andrew Bonar Law's talk of the dark European situation and his statement that England cannot pay her debts unless she receives money from Germany and other debtors, the threatened invasion of the rich Ruhr valley by France, the coming of the British debt commission to discuss refunding of the war debt, Clemenceau pleading for this country to return to Europe—all these have served to bring the situation to a climax.

MAURER RETAINED

Dr. M. G. Maurer, outgoing president of the Delphos Kiwanis club, was named secretary-treasurer for the ensuing year at a meeting Thursday night of the board of directors in the office of Dr. D. J. Clark, newly-elected president.

CHRISTMAS MOTHER BUSY IN ORGANIZING RELIEF

Activities at the Christmas Mother headquarters are increasing each day, it was announced Friday. A large number of names have been received. Splendid cooperation is being seen, Mrs. J. E. Grosjean, Christmas mother, said. The pressing need just now is for early calls on the part of individuals and organizations planning to do charity work. If the greater part of the work can be done over the week-end, the rush at the close will not be so great, she pointed out.

FARM BUREAU FIFTH DISTRICT MEET HERE

More than 100 farmers from Allen and adjoining counties attended the meeting of the Fifth Ohio District of Farm Bureau members at Memorial Hall Friday. Representatives were present from Van Wert, Paulding, Putnam and Allen counties, comprising the Fifth Ohio district. The meeting opened at 10 a. m. and continued through the day. Allen county representatives on the program were: C. A. Arganbright, county school superintendent and H. J. Ridge, county farm agent. The former talked on school transportation and the latter on effective township organization.

WHO MAY REVEAL TRAGEDY

Stained Machine is Found at Cincinnati

LINKED TO PHILLIPS CASE

First Believed Clue to Escaped Murderers

LOS ANGELES — (United Press) — The automobile belonging to Walter Phillips, found in Cincinnati in a battered and bloodstained condition has no connection with the Clara Phillips case, it is believed by authorities here, it may reveal a new and baffling tragedy.

Walter Phillips, 38, a brick layer, and wife, left here in the machine for Denver, Colo., August 11, later they intended to drive on to New York, where Phillips' parents are and later to Philadelphia for a visit with Mrs. Phillips' parents.

They had trunks forwarded to Denver by friends. Mail forwarded them at general delivery Denver which they had given as forwarding address was returned here.

CINCINNATI — (United Press) — Whether a battered automobile, splattered with blood, found here last night, had any connection with the flight of Clara Phillips, escaped "hammer murderer," who broke jail at Los Angeles, was a question police sought to solve today.

The license tags had been removed, but in a pocket of the car was found a registration certificate issued by the Willis-Overland Pacific Company, to "Walter Phillips, 1155 Wall-st. Los Angeles." There also was a driver's license issued September 21, 1921, to "Walter Phillips, 648 South Kehler-st., Los Angeles."

It's number is 786,432. TRAIL OF BLOOD — The car, in which there was a pool of blood and from which a trail of blood led 200 feet, was discovered, its motor still warm, by a patrolman near Lincoln Park. The blood trail ended at the entrance to the park.

The machine bore evidence of having been driven for a long distance. Under the rear seat was a towel, hatchet and hammer, on which drops of blood were found. The park was searched to no avail. The driver's description, given in the license is "Walter Phillips, 38, white, five feet, eight inches, 200

pounds, blue eyes, red hair. License Number 478,393, motor number 57-433; Overland touring car." REWARD FOR MRS. PHILLIPS — (Associated Press) — A reward of \$250 for the recapture of Mrs. Clara Phillips, "hammer murderer," who escaped from the Los Angeles jail December 5, has been offered by Sheriff William I. Treagor.

PAY-DEATH PENALTY — PONTIAC, Ill. — Myron Corbridge, was hanged in a tent here today for the murder of Guard John Sullivan Jones, at the Illinois State Reformatory.

REV. A. H. WEAVER, PASTOR OF WAPAKONETA CHURCH, DIES; WAS FORMERLY HERE

Rev. A. H. Weaver, 50, pastor of the M. E. church at Wapakoneta, died Friday morning after an extended illness, according to reports received by relatives here.

He was formerly pastor of Epworth M. E. church in this city and has been located in Wapakoneta two years. He is survived by his widow, two daughters, Mrs. Charles Dickens of Cincinnati and Ruth, at home; his parents Mr. and Mrs. Samuel Weaver, near Spencerville; two brothers, J. W. Weaver and O. O. Weaver, of near Spencerville.

Funeral Monday at 1 p. m. from the parsonage in Wapakoneta.

OTTAWA HARNESS MAKER DIES IN HOSPITAL HERE

Charles F. Martin, 68, Ottawa, harness maker, died Friday of erysipelas at St. Rita's hospital.

He was the son of John Martin, pioneer harness maker of Lima. Survived by his wife, one sister, Mrs. W. Landis, 232 S. Collett-st., and one brother, Herb Martin, 131 N. Collett-st.

Funeral at the home of his brother, Monday at 10 a. m. in charge of Rev. Rowland. Interment in Woodlawn cemetery.

SMALLPOX IN AUGLAIZE WAPAKONETA — An epidemic of smallpox is reported from the Fryburg district, a few miles southeast of here, in Pusheta-p. Six cases were reported to Dr. G. L. Lyne, county health commissioner. Precautions have been taken to prevent a spread of the contagion.

LIMA MEN INVENT NEW AUTO LICENSE PLATE

A new auto license tag which will be plainly visible at night as well as by day has been invented by Frank Wise and Omer Piehl, 16 Terrace-st., and patents have been applied for.

This tag combines the license, plate and the tail lamp in the rear and the plate and fender lamp at the front of the car. The light shines thru perforations in the plate making it easy to read at a distance.

An attempt is being made to have

the tag adopted by several states. Piehl says, as it will cost no more than the present make of tags and will be more satisfactory.

It will be necessary for each state to adopt the tag and manufacture them under a grant from the owners of the patent, Piehl says. It will not be possible to enter upon the manufacture of them for private sale to owners of cars, he said.

LIMA THEATRES HAVE PLEASING OFFERINGS

(BY ESTHER WAGNER)

NITA STEWART never fails to please, does she? Here we have her in "Rose O' The Sea," a fast-moving little story with a hectic plot which covers an unbelievable amount of territory, yet gives to her a pleasant role, of which she makes good use.

One reason why I was so anxious to see "Rose O' The Sea" is because Anita's handsome young husband plays the leading masculine role, Mr.

Diversion A La Keith at the

A good-natured group of entertainers appear this week-end at the Faurot Opera House, presenting for your approval various and novel bits of vaudeville maneuvers. Pretty well pleased, too, were the customers at the matinee on Thursday, of which I was one, and everybody had a good time along with everybody else.

To start at the beginning, George and May LeFevre exhibit many different kinds of dance numbers, not of an ordinary nature.

Farrell Taylor and company, a blackface offering, the audience in gales of laughter by their

Irish Comedy Current at the New Orpheum

FOR the second attraction of their engagement here, Graves Bros. Honeybunch company present a rollicking Irish comedy, "Kelly of Emerald Isle," with songs and dances appropriate to the occasion.

Mr. Curly Burns, the company's featured comedian, is much in evidence, both in a comedy role and as a dancer.

Mr. Palmer Hines, Mr. Page, Mr. Ray Hanley and Mr. Burns constitute the ever-popular quartette, while Miss Freely is a new blues song and Miss Nite in a comedy character-song, pleased mightily the audience of which I was one.

The chorus, too, adds considerably to the subsequent worth of the offering, appearing not too often, but

DELPHOS FIRE FIGHTING FORCE TO BE REORGANIZED

It is proposed to increase the force to its full capacity of 25 members and replace older members with young, active, firefighters. The present force is 23.

Volunteer firemen receive \$1 per call and 50 cents per hour additional after the first hour. The regular force consists of three men.

DELPHOS WOMAN DIES AT HILLYARD HOME IN ELIDA

Katherine Cordeman, 67, wife of John Cordeman, five miles west of Delphos, died Friday morning of complications at the home of her daughter, Mrs. Anne Hillyard, Elida, after an illness of four weeks. She was born in Auglaize-co.

She leaves seven children, seven step-children and nine grandchildren.

Funeral Sunday, 10 a. m., at the U. B. church in Elida, in charge of Rev. Yantis. Interment at Spencer-ville.

Rudolph Cameron, the gentleman in question, supplies much of the love interest, as the son of the rich man who finds in the plain little shop girl, love and devotion, he is quite likable. The story isn't a sea tale, as you would believe. It gets its title from the fact that Anita, or Rose, as she is known in the story, is the sole survivor of a shipwreck.

A good supporting cast appears opposite Miss Stewart and husband. The direction is splendid, as is the photography and sets.

droll chatter. Also, Miss Swan favors with several trombone selections, well rendered.

Stan Stanley and his company had a merry time at the matinee on Thursday, and for their allotted time, lost not a moment.

Marshall and Williams are two able young people who present a comedy skit for your approval.

Highly original is the offering of the Brockman's, dancers, vocalists and entertainers.

There you have the why and wherefore for this week-end bill. Also, there's a snappy little two-reel comedy which precedes Keith.

at proper intervals.

Continuing at the New Orpheum until Sunday, when a new production (same company) takes its place.

ELECTED REPRESENTATIVE, BAXTER QUITS SCHOOL WORK

A meeting of the Marion-tp board of education will be held within a few days to select a successor for W. E. Baxter, teacher at the Bliss school, chosen representative from Allen-co in the November election.

Efforts were made last week to pick a substitute for Baxter for the remainder of the school term, but the board was not successful. County Superintendent C. A. Arganbright will be present at the meeting, exact date for which has not been announced by T. R. Seyitz, Marion-tp clerk.

RED RIBBON SOLVES VACCINATION PROBLEM
LONDON.—The vaccination armistice is the latest post-war decoration to invade London.
A smallpox outbreak in the congested East and Poplar district hurried many timid souls to the doctor for a preventive "scratch." Jostled in the subways and other tricks of the hurrying city worker made life miserable to the large number of Londoners.
The throngs before the vaccination clinics fell off and the ministry of health was afraid the prevention method would be discarded altogether. But an official gifted with an understanding of humanity's love of ornament solved the problem.
Now the vaccination ceremony is not complete until a narrow strip of red ribbon around the outside of the coat sleeve, under which lurks the painful spot. Hundreds of Londoners are sporting the snappy amulets and the clinics are crowded.

JOSEPHINE VAN DE GRIFT
NEW YORK.—(Special).—There's a virtue in a shiny nose—
But the old-fashioned girl whose nostril is fairly opaque, whose face is combed demurely and whose eyes are innocent of rouge or lipstick will have the best chance of landing a job.
Miss Jeannette Charash who years ago placed thousands of girls in secretarial positions says so.
Morality? Not a bit of it. It's just plain business sense. And then Miss Charash explains:
"A girl may be the best stenographer in the world but if she totters on an office on a pair of high heels and raises to her prospective boss a face too generously rouged, that can will infer she is a girl who pays more attention to her appearance than to her work."
"At first glance one can't tell how much is inside a girl's head. But the way she removes her hat, by her attitude toward taking the tests I can tell whether a girl is disciplined or whether she is gracious in her

SEEKING REVENGE

St. Rose will seek revenge for last year's defeat when the cage outfit lines up against the quintet from Marion Catholic high at St. Rose gym Friday night.

The visitors captured the 1921 contest by a small margin and have lost but two men during the past year. Captain Jimmy Daly has been suffering from a severe cold and he will undoubtedly be out of the game. Runger will also watch the contest from the bench; yet Coach Baker is planning to try out some new offensive plays, which will be uncorked for the first time against Marion.

The game will start at 8 p. m.

Mitchell Given Sweater

SPRINGFIELD, Ohio.—Robert Mitchell, of Lima, was among those honored at the annual football banquet at Wittenberg College recently. Mitchell received a sweater in recognition of his faithful attendance at gridiron practice this fall. He played center and guard on the freshman squad.

Since Wittenberg loses her star center, Captain Kopp, by graduation next June, local gridiron followers are confidently expecting to see Mitchell playing regular center on the Wittenberg squad next fall. Mitchell is also a good guard, and a regular might find him playing a regular guard berth next fall.

Mitchell has the weight and aggressiveness to make a great player, and will be a player of whom Wittenberg followers can be proud in Ohio Conference circles the next few seasons.

SPORT CORES

BALTIMORE.—Joe Holer, star shortstop of the Baltimore Internationals has signed a new contract for a reported salary of \$6,000 a year. Several major league clubs have been trying to buy him.

NEW YORK.—Brooklyn broke the ice today with the first spring training orders. Squire Elbert, notified all his ball players to report to Manager Robinson in Clear Water, Fla., on March 1.

MORGANTOWN, W. Va.—Walter Eckersall and "Hub" Varnell, of Spokane, Wash., were approved by the athletic officials of West Virginia University as officials of the West Virginia-Gonzaga post-season game. The other two officials have not been named.

EASTON, Pa.—Dr. "Jock" Sutherland, has signed a new one-year contract to coach the football team of Lafayette college. "The boys need me and I need the boys," he said.

COLLEGE QUINTET WINS ANOTHER

Continuing its winning streak, the Lima Business College quintet captured its contest with the Jackson Center American Legion outfit 25 to 25 Thursday night.

Saturday night, the local aggregation plays Bluffton college.

RETAINS TITLE

EDDIE EAVIS

WORCESTER, Mass.—When this burg decided to get back on the baseball map by purchasing a franchise in the Eastern League, Eddie Eavis was selected as the man to put it over. He will manage the team.

Eavis was a baseball sensation at Brown University a decade ago. Pittsburg paid a fancy price for him. Later he was sent to Boston in the National League.

Last season New Haven bought him from Boston for \$4000, said to be the largest amount ever paid for a player by an Eastern League club.

Eavis has political aspirations. He had practically decided to give up baseball and run for a berth in the Rhode Island Senate (this home is in Providence), when the offer came to manage Worcester. It was so alluring that he decided to pass up politics for a while at least.

Always a good hitter, Eavis finished last season with a batting average of .328. He will fill the role of playing manager.

MEETING ENDS QUIETLY

NEW YORK.—After a week of discussion about the necessity of clean uniforms and the release of pop bottles forever, the major league club owners were on their way home today.

The most important event of the annual convocation of the men who make their living out of baseball was the failure of Ban Johnson's bomb to explode.

The president of the American League some weeks ago told all with ears that he was going to say something at the meeting of rogues that would knock them off their chairs. As far as is known, however, all the magnates retained their positions.

WHITE, MITCHELL TO MEET

NEW YORK.—Charley White of Chicago and Richie Mitchell of Milwaukee, two of the foremost contenders for the lightweight title now held by Benny Leonard, will meet in a 15 round bout in Madison Square Garden tonight. While no definite promises have been made, it is generally expected that the winner will be given a chance to take the crown from Leonard.

RETAINS TITLE

ST. LOUIS.—Ed "Strangler" Lewis of San Jose, Calif., today retained his title of world's heavyweight wrestling champion after a gruelling three fall match last night with Stanislaus Zbyszko, from whom he wrested the championship a year ago at Wichita, Kansas. Outweighed and with the additional handicap of twelve years in age, the Polish veteran of more than 1,100 ring battles brought all his craft into play in his second attempt to regain the title, taking the first fall with a flying mare when he threw the champion over his head and smashed him against the floor.

Lewis' crushing headlock, won the second fall however, after a series of tcholdis weakened his 45 year old opponent in the struggle for the fall. Zbyszko's right shoulder was dislocated and it was with an arm lock around the injured shoulder that Lewis won the third fall and match. Zbyszko gamely went on for the deciding fall after his shoulder had been snapped back into place.

MICHAELS AND SEELEY OUT

Injuries, which were so common at Central during the pigskin season, have already made their appearance in the cage squad.

Walter Seeley, captain, and Ellis Michaels are both on the hospital list and will probably be out of the game for some time. It is doubtful if either will be in uniform Saturday night, when Central opens its cage season against Bluffton.

Seeley is suffering from an infected foot, and Michaels has been having trouble with a broken digit received near the close of the football season. Michaels has been practicing basketball with the finger in splints, but has been ordered by his doctor to drop out of the cage until the injury has entirely healed.

WANT GAMES

The Shooting Stars are out this season to clean up in their division and are willing to schedule games any open day. They have contests carded with the West End Midgets and the Banana Specials.

Teams wanting games, call Eugene Baker, 527 W. Eureka-st. Phone Rice 3870.

WESLEYAN HOPING FOR GOOD TEAM

DELAWARE.—Altho Ohio Wesleyan's basketball team will offer no smoothly running scoring machine in the game against Ohio State at Columbus tomorrow night and in other early season games Wesleyan followers are expecting Coach Van Alstyne to develop a five before the end of the season which will wreck the hopes of several championship contenders.

LEGAL NOTICE
NOTICE TO BIDDERS

Sealed proposals will be received at the office of the Clerk of the Village of Elida, County of Allen and State of Ohio, until 12 o'clock noon on the 3rd day of January, 1925, for the furnishing of all the necessary labor and materials for the construction and completion of "Elida Sewer" according to plans and specifications on file in the office of said Clerk and the Office of J. H. Meyer & Company at Wapakoneta, Ohio. Each bid must contain the full name of every person or company interested therein, and shall be accompanied by a bond or certified check on some solvent bank in Allen County, Ohio, as a guarantee that if the bid is accepted a contract will be entered into and in performance properly secured. Should any bid be rejected such check will forthwith be returned to the bidder and should any bid be accepted, such check will be retained upon the proper execution and securing of the contract.

Bidders are required to use the printed form which will be furnished by the Clerk.

The right is reserved to reject any and all bids, waive any informality in any bid and to accept any bid which seems most valuable to the interest of the Village of Elida, Ohio.

F. J. SAWMILLER, Clerk.

Dated: December 8th, 1922.

Field Goals, Morse 1, Means 2, Zimmerman 2, Lanker 3. Foul Goals, Morse 1, Cubs, Branolich 2, Buchanan 2, Fitzgerald 3, Burgone 1.

MICHIGAN HAS GOOD CHANCE

ANN ARBOR, Mich.—Michigan may be starting another title winning basketball campaign. Certainly no other university in the big ten has brighter prospects this year.

From a quintet that finished last season in a tie for the championship, five letter men are again on the roll. Such well-remembered names as "Bill" Miller, Captain Ely, Kipke, Paper and Birks will again decorate the scoreboard wherever the Wolverines encamp.

PRELIMINARY IS SCHEDULED

A preliminary game for the main basketball event Friday night, when St. Mary's high school tackles the St. John's five on the Delphos floor, has been announced by Manager Hilary Shibley.

Sophomores of the St. Mary's school will play the Best Evers, a team composed of sophomores of St. John's. The preliminary game will start at 7 and the final at 8.

DECISION TO BE GIVEN

ST. PAUL.—Billy Mike and Tom Gibbons, St. Paul heavyweights will meet for the fifth time tonight in a ten round boxing contest. A special ruling by the Minnesota boxing commission will permit a judge's decision, it being considered the previous meetings of the two men have not established definite superiority. One bout was called a draw, Gibbons holds two popular decisions and Mike recently won in New York on a foul.

Mike is 28 years old and weighs 186 pounds. Gibbons is 32 and weighs 176. Gibbons' reach is 77 inches, one inch greater than Mike's. Gibbons feels that a decisive victory over Mike tonight would put him in line for a bout with Dempsey.

WILCE WANTED

Following the resignation of J. R. Richards as head football coach the University of Wisconsin yesterday, it is understood athletic officials of the Badger institution bend every effort to obtain the vices of Dr. John W. Wilce, a mer Wisconsin player, who has enjoyed great success at Ohio State recent years.

Altho Dr. Wilce undoubtedly under contract at Columbus, would do a lot of thinking before made a decision, it is known the stition may be offered him. former player is well liked by alumni who appreciate his coach ability, and they believe he will be popular with the general student body.

CAMP GRANT TO GO AUCTION BLOCK

Buildings and Utilities to
be Sold Soon

OFFICERS MAKING SURVEY

Will Be Returned to
Their Owners.

ROCKFORD, Ill. — (Associated Press.) — Camp Grant, another of the wartime scenes of bustling military activity, soon is to go upon the auction block—one of the final steps

in its ultimate wrecking as a cantonment. Between 1,500 and 1,600 buildings and utilities are to be sold, part of a camp that at the height of its operations covered 5,656 acres of land and housed approximately 60,000 men. Three army officers now are making a survey of the salvage value of the buildings, all located in the area of the old base hospital site. Buildings in the area turned over to the national guard of Illinois and the portion reserved for the proposed reformatory for first term federal offenders, are not included in the survey. The Baldwin, Samuelson and Johnson farms are to be returned to their owners. Other properties were bought by the government and condemnation proceedings were necessary in some cases.

LANDS SELECTED
It was on May 12, 1917, that the War Department submitted to the Rockford Chamber of Commerce the requirements for a military camp in northern Illinois. The site was inspected by five army officers May

20, and on June 12 the lands were definitely selected. Leases were obtained on 2,291 acres. The later was reduced to 2,245 acres, when property intended for a range was found unsuitable. Subsequently, a new rifle range and safety zone were selected and the total area ultimately used was 2,456 acres.

The Eighty-sixth division was trained at Camp Grant. Several thousand negro soldiers also were trained here. Hundreds of thousands of soldiers were discharged at the camp after the war. Several public auctions in the last year disposed of thousands of dollars worth of camp property.

The federal reformatory project is meeting opposition here. Rockford sent a representative to Washington to appear before the House Judiciary committee to protest against a favorable report on the bill, locating the prison at Camp Grant.

TODAY'S BLUNDER
CORRECTED
BY A. E. GALE
Postmaster, City of Lima
All mail with the stamp in the proper
place, in the upper right hand corner,
is postmarked by machinery. If
the stamp is too low, or is on another
part of the envelope, it is necessary
to withdraw it from the regular mails
for handstamping, which results in de-
lay. If the address is too near the
stamp, a part of it is obscured by the
postmark.
The abbreviation of the State names
should be used, Pa., Ia., and La.
frequently look very much alike when
written. It is hard to distinguish be-
tween Cal., Col., and Ind. It is
almost impossible to tell the difference
between Cal. and Col., as abbreviations
for California and Colorado; Calif.
and Colo. are safer.

"State" Matthews, city fireman, wanted to join a band once upon a time.

The only instrument needed was an oboe. He couldn't play it. But that didn't keep him out of the band. He secured one and marched with it in the band lineup.

He held it to his mouth, but didn't blow. "You'd never know the difference," he said. "An oboe doesn't make much noise anyhow."

Milan E. Tonneff, grocer, 688 S. Main-st., reports he has been successful in his efforts to catch a rat which bothered about his residence. "It is a big rat," Tonneff says. "I can tell by the end of the tail which it left in the trap I caught it with."

When a last-of-the-summer fly was seen in the office of John T. Cotner, clerk of courts, at the courthouse, Cotner was led to observe that during the heated period he bought a patented fly-poisoner warranted to kill.

"It's potent stuff," he says. "All I have to do is catch a fly and stick its head in it."

"Muggsy" McGraw noted a girl on a street car whose ears were nipped. Evidently by the shears with which her hair had been trimmed.

"I figure," he says, "that she had a narrow escape from having her ears as well as her hair bobbed."

Hugh J. Ridge, county agent, hired a taxi to drive him to a farmers' meeting east of the city.

When he arrived at the appointed place he was told by the driver that the fare was 50 cents. Ridge had only some small change and a bill.

The taxi driver couldn't change the bill and asked: "How much small change have you got?"

"Twenty-eight cents,"

The taxi driver was not grasping.

"Oh, well," he yawned. "I guess that's enough."
